EMF SERIES

EMV SERIES

bright ✓

High-intensity single & multi-colour LEDs provide ample illumination for even the largest pools.

energy efficient ✓

Superior LEDs and Spa Electrics' patented DUOSINK® and PULSEWAVE® technologies deliver maximum brightness with the lowest power consumption on the market today.

reliable ✓

Advanced LED technology and IPX8 water ingress protection means ATOM-EM Series lights will work reliably year after year.

ultra compact ✓

Fits in steps, swim-outs, ledges & foot wells.

exquisite colour ✓

Single & multi-colour configurations available. Providing brilliant illumination & seamless colour transitions.

Winner of the 2011 'Good Design' award for innovation in architectural & interior products.

Australian International design awards
